Paloma Montero | Universidad de Alcalá

Septiembre 2024

Oportunidades para investigadores de Humanidades y Ciencias Sociales en el ecosistema europeo

Universidad
de Alcalá

OFICINA DE PROYECTOS EUROPEOS

Agenda de la sesión:

1. Oportunidades de apoyo dentro de la UAH

2. La trasversalidad en las convocatorias europeas

3. Horizonte Europa

4. Otros programas

Oportunidades de apoyo dentro de la UAH

- Oficina de Proyectos Europeos
  - Pre-award
  - Post-award
  - Técnico en Bruselas

Sección Oficina de Proyectos Europeos

Aspectos sociales como herramienta trasversal
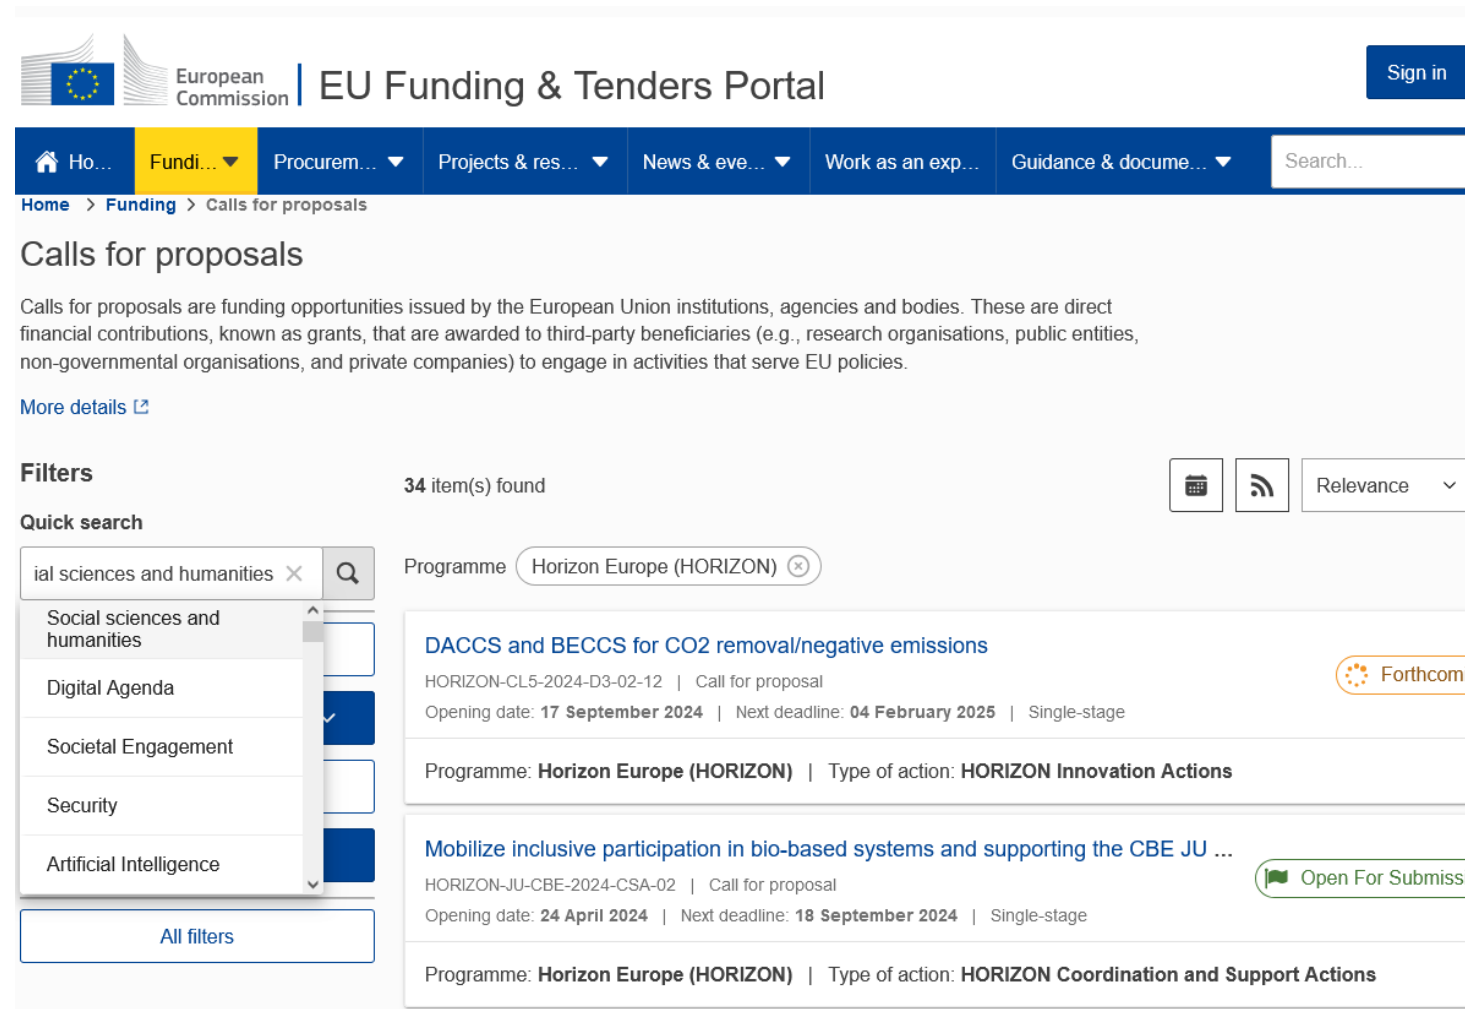

Comisión Europea pretende integrar las Humanidades y ciencias sociales en cada uno de sus programas.

Tags: sociología, económicas, psicología, ciencias políticas, historia, ciencias culturales, derecho y ética.

Las contribuciones de estos campos de investigación y actividad son necesarias en el marco de Horizonte Europa para generar nuevos conocimientos, apoyar la formulación de políticas basadas en datos empíricos, desarrollar competencias clave y producir soluciones multidisciplinares a problemas sociales y tecnológicos.

Funding & Tenders Portal

3. Horizonte Europa

Cluster 1: Health: Call - Tackling disease (Single stage - 2024)
Deadline: 26 November 2024

Topic	SSH aspects
HORIZON-HLTH-2024-DISEASE-13-01 Implementation research for management of multiple long-term conditions in the context of non-communicable diseases (Global Alliance for Chronic Diseases - GACD) Link	The topic is focused on implementation research for management of multiple long-term conditions in the context of NCDs (MLTC NCD) in LMICs and/or disadvantaged populations in HICs. Proposals should focus on implementation science around interventions that will generate evidence about when, for whom, and under what circumstances, patient-centred approaches can improve integrated care for patients with MLTC NCD. Applicants must explore the implementation of proposed intervention(s) for a selected study population(s) taking into account the unique social, political, economic, and cultural context(s) in which the study will take place. **Main keywords: Sociology, Political Science, Economics**

Cluster 3: Civil Security for Society: Call - Fighting Crime and Terrorism 2024
Deadline: 20 November 2024

Topic	SSH aspects
HORIZON-CL3-2024-FCT-01-03 Lawful evidence collection in online child sexual abuse investigations, including undercover Link	Research in this area should tackle legislative frameworks to collecting evidence in online, including undercover, investigations of child sexual abuse, leading to guidelines and manuals that would make the capability available across the EU to target these offenders more effectively. Special care needs to be given to ethics and fundamental rights protection throughout the research and the solutions proposed. This topic requires the effective contribution of SSH disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects enhancing the societal impact of the related innovation activities. **Main keywords: Law, Criminology, Ethics**
HORIZON-CL3-2024-FCT-01-04 Radicalisation and gender Link	In order to improve understandings of radicalization and gender we need to study how and why gender norms appear as an increasingly contested area of politics with strong mobilizing power. What role gender norms and equality policies play in stabilizing and destabilizing social and political order, and how ideas and norms about gender equality make people react, mobilize and engage politically, at present, in the past and in the future. Proposals should recognise not only the cultural, social and economic diversity of the milieus, but as mentioned above also be gender sensitive. This topic requires the effective contribution of SSH disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects enhancing the societal impact of the related innovation activities. **Main keywords: Political Science, Social and Cultural studies, Economics, Ethics, Gender studies**
HORIZON-CL3-2024-FCT-01-05 Combating hate speech online and offline Link	The successful proposal is expected to reinforce hate crime training and capacity building for Police Authorities and other relevant security practitioners, in particular to enhance their tools and methods for lawful detection, reporting and data/evidence collection and analysis of the hate speech related activities that are considered as crime or could lead to a crime. Activities proposed within this topic should address, in a balanced way, both technological and societal dimensions of the issue under consideration. This topic requires the effective contribution of SSH disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects enhancing the societal impact of the related innovation activities. **Main keywords: Law, Sociology, Education, Communication studies**

Cluster 4: Digital, Industry and Space: Call - A human-centred and ethical development of digital and industrial technologies

Topic	SSH aspects
HORIZON-CL4-2024-HUMAN-03-02 Explainable and Robust AI (AI Data and Robotics Partnership) Link	Multidisciplinary research activities should address all of the following: • Proposals should involve appropriate expertise in all the relevant sector specific use cases and disciplines, and where appropriate Social Sciences and Humanities (SSH), including gender and intersectional knowledge to address concerns around gender, racial or other biases, etc. • Proposals are expected to dedicate tasks and resources to collaborate with and provide input to the open innovation challenge under HORIZON-CL4-2023-HUMAN-01-04 addressing explainability and robustness. Research teams involved in the proposals are expected to participate in the respective Innovation Challenges. • Contribute to making AI and robotics solutions meet the requirements of Trustworthy AI, based on the respect of the ethical principles, the fundamental rights including critical aspects such as robustness, safety, reliability, in line with the European Approach to AI. Ethics principles needs to be adopted from early stages of development and design. **Main keywords: Sociology, Gender studies, Ethics**
HORIZON-CL4-2024-HUMAN-03-03 Digital Humanism - Putting people at the centre of the digital transformation Link	The topic requires intense, cross-disciplinary work of computer (and technology) sciences with legal, economic, sociological, philosophical and other kinds of expertise as a co-development exercise. To support in-depth, early-on collaboration between computer sciences and the whole wealth of humanities and social sciences to put new algorithms and models into a broader context, proposals under this topic should support the development of an active network and cross disciplinary communities on digital humanism bringing together ICT experts, ethnologists, sociologists and experts in fundamental rights. **Main keywords: Law, Economics, Sociology, Philosophy, Ethnology, Political Science**

Cluster 5: Climate, Energy and Mobility: Call - Sustainable, secure and competitive energy supply
Deadline: 21 January 2025

Topic	SSH aspects
HORIZON-CL5-2024-D3-02-06 Innovative, Community-Integrated PV systems Link	This topic requires the effective contribution of Social Science and Humanities (SSH) disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects enhancing the societal impact of the related research activities. Social innovations should also be considered, notably as new tools, ideas and methods leading to active citizen engagement and as drivers of social change, social ownership, and new social practices. **Main keywords: Social innovation**
HORIZON-CL5-2024-D3-02-10 Market Uptake Measures of renewable energy systems Link	The complexity of the challenges and of the related market uptake barriers may call for multi-disciplinary approaches, which requires contributions from the social sciences and humanities. Where relevant, local, regional specificities, socio-economic, gender-related, spatial and environmental aspects will be considered from a life-cycle perspective. Proposals are encouraged to address social acceptability through the assessment of the environmental economic and social impacts associated with the development of these renewable energies and through the adequate involvement of stakeholders in decision-making processes. This topic requires the effective contribution of SSH disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects for understanding and addressing societal barriers to the uptake of renewable energy systems. Where relevant, proposals are expected to also assess the legal, institutional, and political frameworks at local, national and European level and examine how, why and under what conditions these could act as a barrier or an enabler. **Main keywords: Sociology, Economics, Human Geography, Gender studies, Law, Political Science**

Cluster 6: Food, Bioeconomy, Natural Resources, Agriculture and Environment. Call - Land, ocean and water for climate action Deadline
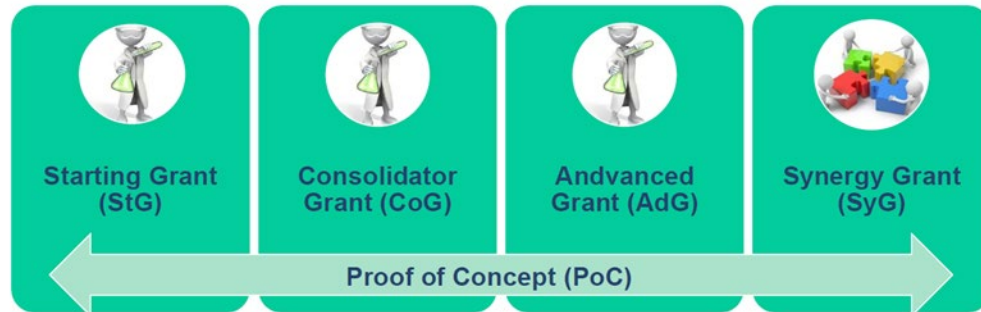

Topic	SSH aspects
HORIZON-CL6-2024-CLIMATE-02-3 Overcoming barriers and delivering innovative solutions to enable the green transition Link	Proposals funded under this topic should: • identify barriers to the uptake by end users of new knowledge and innovation for the green transition on aspects of water resilience, circular economy, biodiversity, zero pollution, and climate change; • address factors (socio-economic, cultural, etc.) that differ across the EU and play a fundamental role in determining the acceptance of technological and social innovation solutions designed to foster the green transition; • develop solutions to overcome identified barriers, including by taking advantage of technological and digital tools as well as innovative dissemination strategies, organisational models and educational activities. The involvement of actors as appropriate, based on the elements of the multi-actor approach, is encouraged. This topic requires the effective contribution of SSH disciplines and the involvement of SSH experts, institutions as well as the inclusion of relevant SSH expertise, in order to produce meaningful and significant effects enhancing the societal impact of the related innovation activities. **Main keywords: Sociology, Economics, Social innovation**

Pilar I: European Research Council

Pilar I: European Research Council

Las subvenciones ofrecidas siguen 5 esquemas diferentes:

Starting Grant (StG) — Consolidator Grant (CoG) — Andvanced Grant (AdG) — Synergy Grant (SyG)

Proof of Concept (PoC)

Características comunes:
- Convocadas 1 vez al año Open topic ("bottom–up")
- Objetivo: desarrollo carrera investigadora

Estructura de la propuesta:
Parte B1: Sinopsis (5pág.)+CV (2pág.)
+Trayectoria (2pág.)
Parte B2: Proyecto (14pág.)

Convocatorias	Destinatarios	Financiación y duración
Starting Grant (StG)	Investigadores (cualquier nacionalidad) con **2-7 años de experiencia desde la finalización del doctorado** (u otra titulación equivalente)	Hasta 1,5 M € (en algunos casos, hasta 2 M €) Duración: hasta 5 años
Consolidator Grant (CoG)	Investigadores (cualquier nacionalidad) con **7-12 años de experiencia desde la finalización del doctorado** (u otra titulación equivalente)	Hasta 2 M € (en algunos casos, hasta 2,75 M €) Duración: hasta 5 años
Andvanced Grant (AdG)	Investigadores (cualquier nacionalidad) y edad; **científicamente independientes,** líderes en sus respectivos campos de investigación	Hasta 2,5 M € (en algunos casos, hasta 3,5 M €) Duración: hasta 5 años
Synergy Grant (SyG)	**Mínimo de 2 y un máximo 4 investigadores principales** (uno de ellos deberá figurar como investigador principal líder)	Hasta 10 M € (posibilidad de 4 M € extra) Duración: hasta 6 años
Para los investigadores que ya hayan obtenido una subvencione de este organismo.		
Proof of Concept (PoC)	Investigadores principales beneficiarios de una subvencion ERC en curso o cuyo proyecto haya finalizado menos de 12 meses antes de la fecha de publicación de la convocatoria ERC PoC.	Hasta 150 000 € Duración: 18 meses

	Starting Grant	Consolidator Grant	Advanced Grant	Synergy Grant
Call identifier	ERC-2025-StG	ERC-2025-CoG	ERC-2025-AdG	ERC-2025-SyG
Call opens	10 July 2024	26 September 2024	22 May 2025	11 July 2024
Call deadline	15 October 2024	14 January 2025	28 August 2025	6 November 2024
Budget million EUR (estimated number of grants)	751 (483)	719(354)	683(276)	500 (48)
Planned dates to inform applicants after each step	5 May 2025 22 August 2025	18 July 2025 12 December 2025	30 January 2026 12 June 2026	14 April 2025 15 August 2025 27 October 2025

Marie Skłodowska-Curie Actions(MSCA)

El Consejo Europeo de Investigación lanza con periodicidad anual convocatorias de subvenciones a proyectos del investigación de distintos tipos (presupuesto total ~ 2.2. billones de €).
Las subvenciones ofrecidas siguen 5 esquemas diferentes:

Otros programas

- [EIT-Culture & Creativity](#).
- [Cost: European Cooperation in Science and Technology](#).
- Erasmus +.
- [Humanities in the European Research Area (HERA-NET)](#).
